Dear [Fill in Name Here],

With the Senate runoffs coming up on January 5, and Thanksgiving, Hannukah and Christmas taking up a lot of everyone's time between now and then, this may be my LAST CHANCE to explain why you and all your friends should and must vote to re-elect Senators Kelly Loeffler and David Perdue. So here goes.

YOU value your freedom and hate being controlled and told what to do. Senators Loeffler and Perdue will leave you alone. Raphael Warnock and Jon Ossoff will seek to control you, what you can do, and even what you can say.

YOU are sick of being locked up and told you can't go to concerts, dances, night-clubs, the beach, parties, and work or school. Loeffler and Perdue want to open back up. Warnock and Ossoff will be votes in the Senate for Joe Biden's perpetual lockdowns and mask mandates, even with the announcement of new vaccines – Democrats have made clear restrictions will continue until vaccines are FOOLPROOF, which they may NEVER be.

YOU pride yourself on being able to get around the system and avoid paying for services like TV through your skills with the internet and social media. Loeffler and Perdue want to leave you and the cyber world alone. Warnock and Ossoff want it controlled by the federal government.

I could go on and on. But here is what I need you to think about before you cast your ballot.

Before COVID-19 (which is a worldwide virus) you were loving life, socializing, and moving about freely with NO masks. The economy was booming for all Americans. The income inequality gap was closing. And even with COVID, we are rapidly coming back.

Bottom line? If we elect Warnock and Ossoff, they'll be rubber stamps for Joe Biden's lockdowns - the rules, the masks, and the restrictions, could soon be the permanent "new normal" in America. I'm sure this is NOT what young Americans like you really want, is it?! Electing Loeffler and Perdue will preserve the Republican majority that wants the country to continue to rebound and get back to the normal you and all your friends want.

Please [Fill in Name], your freedom, your income, and your life, depend on ensuring a Republican Senate by re-electing Perdue and Loeffler, to oppose the controlling and economy-killing policies of the Democrats and Joe Biden.

**VOTE LOEFFLER AND PERDUE ON ELECTION DAY!**
