Dear XXXXXXX,

As a voter in Georgia, I thought it would be worth one more shot to explain why you should vote for the two Republican Senate candidates, Kelly Loeffler and David Perdue.

Before COVID, the economy was booming, the Stock Market skyrocketing, and the unemployment almost non-existence. And today, even after COVID, a lot of that is still true. You yourself have told me over and over again how your 401 K was growing.

President Trump and the Republicans made that possible. With the Republicans in control of the U.S. Senate we have some protection against punitive tax hikes that may threaten our retirement savings.

The two Georgia New Democrat Senate candidates, Raphael Warnock and Jon Ossoff, according to Americans for Tax Reform, would “rubber-stamp” Joe Biden’s massive tax increases on income and investments.

And what about safety in our cities, streets, and our neighborhood? Do You think Warnock and Ossoff will side with Black Lives Matter and support them and the radical violent Antifia mob? But do you?

Are you okay with Black Lives Matter and their violent Antifa allies looting and destroying small businesses, setting cars and buildings on fire, defacing churches, and monuments, and attacking police with fireworks, firebombs, bricks, and guns?

Remember what happened in Atlanta and Buckhead this past summer. These so-called peaceful protesters burned business, car dealerships, and assaulted your police officers.

And do you REALLY think defunding and disarming the police will make you safer? Biden and the New Democrats do. But the two Georgia Republican Senate candidates don’t. And I don’t think you do either.

And what about the opioid drug crisis. You and I both know more than one family that has been torn apart by drugs. We have both gone to funerals of kids we watched grow

up right in our neighborhoods. We have both had to hold grieving friends in our arms. It's the Republicans that will fight to end this scourge.

Joe Biden and the New Democrats? Their solution is to make it **EASIER** for our young people to get hooked by decriminalizing and even legalizing more drugs!

Biden wants to allow abortion on demand -- all the way up to the moment of birth -- and he wants YOU and ME to pay for it. He wants to confiscate my family's guns. He wants to criminalize any speech that doesn't celebrate same-sex marriage, transgenderism, and men in girls' bathrooms. He embraces the Cancel Culture that wants to rewrite our history and forbid and punish certain types of speech. He and his Party want to make George Orwell's 1984 a reality.

And Warnock and Ossoff will be willing partners in this march toward socialism.

I could go on... but I think you get the point. Come January, I want to still live in the country I was born in. I want a government that protects me but doesn't tell me how to live, what to own, and what to believe in. I want my kids to be taught about America's greatness, that we are not a racist country. I want the free markets to remain free.

I want to express my opinions without being shamed and shouted out. I want to be able to walk down the streets without fear of becoming a victim to some thug or Black Lives Matter "activist." I want to be free to worship. To run my business as I choose. To live my life and raise my family as I choose.

And the Republicans want all that for me as well. And Joe Biden and the New Democrats like Warnock and Ossoff don't.

It's that simple. With the Republicans keeping the U.S. Senate we will have a "firewall" to protect us and our families against a head-long dive into socialism that Biden and the New Democrats want. Biden and the New Democrats want to control every aspect of our lives and shove their liberal ideology down our throats.

I say "NO."

It is for all these reasons I urge you to vote for Kelly Loeffler and David Perdue. I hope in the end you will.

Because in the end, for the most part, we share the same values and the same hopes and dreams for our children and our families.

If you agree with my concerns, please forward, or print this letter out and hand deliver to your family members, friends, and neighbors to encourage them to vote for Loeffler and Perdue.

Sincerely,

Their attacks on our individual and religious liberties, our hard-earned income, and other freedoms are at stake.
