### **DHS Secretary Mayorkas has to go!**

Dear \_\_\_\_\_:

You may have been seeing on the news and read about the crisis at the US southern border.

Since February, US border agents have intercepted by their count 800,000 aliens at the border. This number does not include the 1,000 they estimate that escape past them to enter the country illegally per day.

As former Trump Administration Acting Immigrations and Customs Enforcement Director Tom Homan has [said](#), the Biden Administration “created this crisis...This is an open borders agenda.”

The Biden regime strategy is clear: flood illegals by stealth into Red states to turn them Blue, transforming them to Democrat-controlled strongholds for generations, if not forever. It is yet another component of the Mean, Violent, and Evil Democrat strategy for perpetual power.

Fortunately, Congressman Andy Biggs (R-AZ-5) of besieged border state Arizona, has introduced [articles of impeachment](#) against the lawless, open-border DHS Secretary Alejandro Mayorkas.

Americans deserve answers to why the Biden regime has permitted this stealth invasion of the nation, ignoring its constitutional duty to enforce immigration law and flooding unsuspecting communities across the country through an illegal immigrant onslaught, that along with transforming them politically, may also bring yet another COVID-19 pandemic surge – the ultimate super-spreader event - not to mention other public health and safety concerns.

I know that like me, you and your family have worked hard to build a home in a community that is safe and prosperous. This radical Biden regime stealth immigration policy threatens all we've worked for.

With these facts in mind, I urge you to contact your Members of Congress, House and Senate, TODAY, and tell them you expect answers about the Biden regime's stealth illegal invasion of America, and that you SUPPORT

Congressman Biggs' impeachment of Secretary Mayorkas and EXPECT them to do the same.

Use the links below to contact your members of the House and Senate:
