

Your Help is Needed to Fund a Timely Collection of Powerful Video Ads

One central component of our midterm year battle plan is **video ads** our Conservative Paul Revere Riders can share with others by either posting them on social media or forwarding them to people they know.

But right now, those videos remain just a plan because we don't have the money to create them. It would be a tragedy if we weren't able to produce any this year, because **FedUp PAC used video ads to great effect in the 2020 and 2024 elections.** (See the screenshots below.)

THIS PROGRAM BY FEDUP PAC IS AN INDEPENDENT EXPENDITURE IN SUPPORT OF RE-ELECTING PRESIDENT TRUMP AND ELECTING A REPUBLICAN CONGRESS. DONATING IS NOT A CONTRIBUTION TO THE DONALD J. TRUMP FOR PRESIDENT CAMPAIGN COMMITTEE AND DOES NOT LIMIT YOU IN CONTRIBUTING TO HIS OFFICIAL CAMPAIGN COMMITTEE.

Please cut and return with your donation in the envelope provided.

Your Super Pac Insider

A FedUp PAC Midterm Election Year Newsletter Vol. 1 ★ No. 1

Building an army of 5,000,000 modern-day grassroots **Conservative Paul Revere Riders** in support of electing a conservative constitutional Republican Congress and Presidency.

You Can Make FedUp PAC Your SUPER PAC in 2026 to Help Republicans Keep the U.S. Senate

Did you ever wish you could have your own Super PAC? One that would help elect Republican candidates in the most pivotal races, the ones that decide which party controls Congress?

Well, your wish is about to come true. FedUp PAC is charging back into the arena with an ambitious new midterm battle plan, and we're inviting YOU to be part of it from the very first day.

Our new “**Conservative Paul Revere Riders Project**” is designed to do something no other Republican/conservative organization has done: create an army of **5,000,000 conservative grassroots activists** who will help educate and turn out voters to vote for Republicans in 10 key U.S. Senate battleground states.

Specifically, here's what we plan to accomplish through this army of Conservative Paul Revere Riders:

- **Educate** voters in our 10 targeted battleground states who don't pay close attention to politics – not raging liberals, but those who are open to our message.

- **Brand** the Democrats as the crazy, dangerous, mean, evil, anti-American socialists they are.
- **Reveal** the sinister plans Democrats have for America if they retake Congress.

- **Help** prospective voters in those 10 battleground states register to vote.
- **Encourage** them to VOTE for Republican candidates in the 2026 midterms.

Our army of grassroots activists will achieve all this by distributing voter education materials we produce, such as **fact sheets, pocket cards, postcards, videos, digital ads, emails, social media content**, and other things they can use to persuade and turn out voters.

Of course, it will cost a lot to produce, print, and distribute these informational materials to our army of Paul Revere Riders. We figure we need **\$12.5 million by August 31** – which is where you come in. Let us be your Super PAC. You provide the funds, and our grassroots activists will do the heavy lifting in this fight to keep the U.S. Senate in Republican hands and out of the control of the crazy, dangerous, anti-God, Anti-America socialist/communist Democrats.

Paid for by FedUp PAC. www.FedUpPAC.org. Not authorized by any candidate or candidate's committee.

Create a Ripple Effect

Any amount you decide to contribute will create a powerful ripple effect. Every activist who receives our voter education materials will be urged to share them with friends, family members, neighbors, coworkers, fellow churchgoers, and others in their social circles. And those people, in turn, will be encouraged to forward the materials to others.

This is how we will spread our message to millions of voters in our 10 targeted battleground states.

Go Around the Biased Media

And note that we don't need the biased Big Media in order to implement our plan. We are BYPASSING the corporate

media that's been in the tank for the Democrat Party for decades. This is how FedUp PAC has always operated, and it's how we will continue to operate in 2026. **We go around the Big Corporate Media to empower grassroots-level activists via new and alternative media.**

No one else is doing this. Not the Republican National Committee, not the National Republican Senatorial Committee – no one. **If we don't do it – if we don't have the money to do it – it simply won't get done.** And then Republican candidates in our 10 target states will be at the mercy of the mainstream media. You know the biased Big Media won't give them a fair shake.

The mainstream media will try to make the midterms a referendum on President Trump. It's up to us to frame these elections as what they truly are: a referendum on the crazed, dangerous, socialist Democrat Party. The Democrats are downright toxic, but it's up to us to tell people that. You think ABC, NBC, CNN, The New York

Times, and The Washington Post are going to tell their viewers and readers the truth about how radical the Democrats have become?

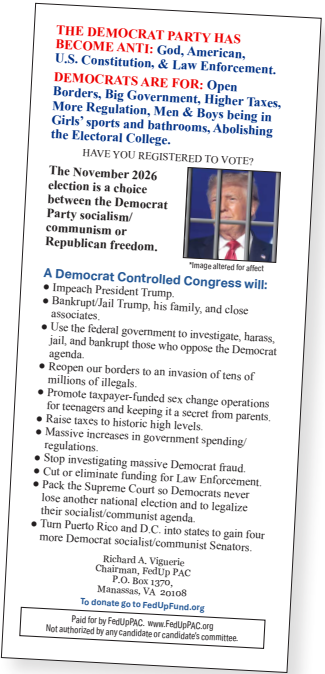

So please, join this crucial midterm year campaign with a generous contribution, and don't waste a moment! **Election Day is only four months away, so we don't have any time to lose.** It will take time to create, print, and deliver materials to our activist army. If we're to achieve our goal of helping the Republicans hold the Senate, we need your backing now and every step of the way.

Our Pocket Cards are Easy for You to Share

If you're looking for a way you can get more directly involved in our Conservative Paul Revere Riders Project, why not start with this handy pocket card (pictured)? You may have already received this card from us in the mail – if not, you'll get it soon. It succinctly lays out what the Democrat Party stands for and all the horrible things Democrats will do if they retake Congress.

We encourage you to **SHARE this pocket card with someone you think needs to read this information.** You can carry it in your pocket and hand it out directly or mail it like a postcard. And if you want more cards to distribute to your family, friends, and acquaintances, the bottom of the card has instructions about where you can order more.

By sharing FedUp PAC pocket cards and other materials, you're creating a ripple effect that will lead to more and more voters learning the terrifying truth about the Democrats.

So, What are the 10 Battleground Senate Race States We're Targeting?

And why can FedUp PAC help Republicans win these races?

1. **North Carolina** – Democrats think they have a chance to flip this open seat, but no Democrat has won a Senate race in the state since 2008. FedUp PAC's ground game should help push Republican Michael Whatley over the top.

2. **Ohio** – Republican incumbent Sen. Jon Husted is in a difficult spot, as Democrats are running former three-term Sen. Sherrod Brown, and the former Libertarian National Committee chair is running as a potential third-party spoiler. FedUp PAC's grassroots army will be essential in holding this seat.

3. **Maine** – Republican Sen. Susan Collins hasn't always been the perfect ally, but we CANNOT let a radical Democrat flip this seat blue. Democrat socialists have been performing well elsewhere in the country lately, so FedUp PAC's education campaign will be crucial in holding this seat.

4. **Georgia** – We have a real chance at a pickup here, as Democrat Sen. Jon Ossoff won by a narrow margin in the 2021 runoff. A strong FedUp ground game should help remind voters why Ossoff doesn't truly represent Georgia's interests.

5. **Michigan** – This is a great chance for a pickup, following the retirement of Democrat Sen. Gary Peters. Michigan has become a swing state in the Trump era, meaning FedUp's Paul Revere Riders may be able to help swing the election to Republican Mike Rogers over the socialist/communist Democrat Abdul El-Sayed.

6. **New Hampshire** – Incumbent Democrat Sen. Jeanne Shaheen is retiring, giving FedUp a great chance to help swing this seat to Republicans – particularly because New Hampshire, with its small population, often produces close races.

7. **Texas** – Democrats have been hoping to flip Texas blue for a long time, and they think this is their chance, as polls have shown the two candidates neck-and-neck. It's up to us to remind Texans that Democrat James Talarico, who said he "hates Christianity," doesn't embody Texas values – to put it mildly.

8. **Iowa** – The Hawkeye State has turned more reliably Republican in the Trump era, but with this seat being open, the Democrats have a better chance at swiping it. Our conservative messaging should resonate well with the heartland voters of Iowa.

9. **Alaska** – The Last Frontier is a solid Republican state, but its ranked-choice voting system gives Democrats a better shot at mustering upset wins. That makes it important for us to unite conservatives behind incumbent Sen. Dan Sullivan, the Republican to help the Republicans keep control of the U.S. Senate.

10. **Nebraska** – Although Nebraska is a solid Republican state, there's danger lurking, because Democrats are throwing their support behind Moderate Dan Osborn, who ran a competitive campaign for the state's other Senate seat in 2024. Our task will be to warn Nebraska voters not to be fooled by Osborn's Independent label.
