Dear Risa,

I have been thinking about our talk the other day about the upcoming elections. Where we left it was with you considering not voting, or worse (from my point of view), voting for Joe Biden and the Democrats.

Before you make either of those choices, I want to take one more shot of explaining to you why I am voting for Republicans and why I believe you should too. Let me take each of the points you made and try to respond one more time. This will only take a couple of minutes so please, bear with me!

Okay, let me start with the obvious: **You hate all the Republican Biden investigations.**

Believe me, I get it! I don't like to see Congress wasting our tax dollars on partisan bickering.

But is that really important? Or is what he has done to make our lives better what's really important... **like the economy.**

Before COVID, it was booming, the Stock Market skyrocketing, and unemployment almost non-existent. And today, even after COVID, a lot of that is still true. You yourself have told me over and over again how great Pete's job has been going these last few years, how your retirement fund has almost doubled, and how you are close to buying a Beach House on the Outer Banks. We changed horses midstream when things were going so well, and now Biden has turned a booming economy into a sinking ship.

The Republicans were among the FIRST to warn that a Democrat controlled Congress and White House would cause the prices of everything to skyrocket.

Big Media is saying Republicans are racists and white supremacists who put those poor illegal aliens in cages.

I'm sorry Risa, but the Republicans and Trump for that matter never once voiced support for white supremacy. They all denounced it over and over again! And please, it was Obama who put those kids in cages, not Trump. Wanting to secure our border is not racist, it's just common sense. Plus, before COVID, and even now, black and Latino unemployment has NEVER been as low as it was before Biden took office.

And why are the Democrats not denouncing Antifa Black Lives Matter as a threat to democracy?

Are you okay with Black Lives Matter and their violent Antifa allies looting and destroying small businesses, setting cars and buildings on fire, defacing churches and monuments, and attacking police with fireworks, firebombs, bricks, and guns? Doesn't your daughter Kaitlyn now work and live near one of BLM's regular riot locations in DC? Doesn't your sister live near a similar BLM hot spot in Richmond? Do you REALLY think

defunding and disarming the police will make us safer? Biden and the Democrats do. But Republicans don't. And I don't think you do either.

You say Trump is a bully, has no class, and has created a climate of hate across America.

Democrats have also viciously attacked Republicans/conservatives like me – calling us stupid and cult-like. Republicans call us patriots and I strongly prefer patriots!

Finally, you say he doesn't care about you or your family, and that Biden and the Democrats do.

Let's take a close look at an issue that hits hard and all too often here in the suburbs: **The Opioid and fentanyl crisis.**

Risa, you and I both know more than one family that has been torn apart by drugs. We have both gone to funerals of kids we watched grow up right here in the neighborhood. We have both had to hold grieving friends in our arms. Only one political party even mentions these crises -- and that was the Republican Party.

When Trump was in office he directed massive federal resources at limiting the over subscribing of prescription drugs, catching and imprisoning drug dealers, slowing the importation of drugs and fentanyl from China and Mexico, and getting addicts the help they need.

Joe Biden and the Democrats? Their solution is to make it **EASIER** for our young people to get hooked by decriminalizing and even legalizing more drugs!

But the fact is Risa, the opioid and fentanyl crisis is just one way President Biden is showing he and the Democrats don't care.

Republicans want to keep taxes low. They want us to keep our health care insurance. They want to keep us safe from crime. They want us to enjoy prosperity. They want our kids to learn about American greatness and get a solid education from our schools. They want the American economy to thrive and be unchained by the government.

Biden and the Democrats want to raise our taxes, take away our health insurance, ration our care, defund the police, empty our jails, surrender our streets to anarchists, and destroy our economy with job killing regulations.

Republicans want to keep us free and defend the Constitution and the values our country was built on. They defend Life. They defend our Second Amendment rights (I know you don't like guns but how will you feel when they knock down the door to take away your husband's hunting rifle). They defend religious liberty. They defend free speech.

Biden wants to allow abortion on demand -- all the way up to the moment of birth – and he wants YOU and ME to pay for it. He wants to confiscate my families guns. He wants to criminalize any speech that doesn't celebrate same-sex marriage, transgenderism, and men in girls bathrooms. He embraces the Cancel Culture that wants to rewrite our history and forbid certain types of speech. He and his Party want to make George Orwell's 1984 a reality.

Republicans truly care about the environment. They made us energy independent and encouraged the increased use of clean burning natural gas. And gasoline prices were much cheaper then.

Biden wants to raise gasoline and utility taxes through the roof, ban energy exploration, and build millions of ugly bird killing windmills (yes, hundreds of thousands of birds dies each year from windmills). He wants to implement the same loony environmental policies across America that are literally burning the down California and forcing its residents to flee sky-high taxes and economy strangling regulations. No thanks!

I want to express my opinions without being shamed and shouted down. I want to be able to walk down the streets without fear of becoming a victim to some thug or Black Lives Matter “activist.” I want to be free to worship. To run my business as I choose. To live my life and raise my family as I choose.

The Republicans want all that for me as well. And Joe Biden and the Democrats don’t.

It is as simple as that. Republicans will allow us and our families to live free without fear of the government. Biden and the Democrats want to control every aspect of our lives and shove their liberal ideology down our throats.

It is for all these reasons I am voting Republican on Election Day in 2024. I hope in the end, you will too.

Because in the end, for the most part, we share the same values and the same hopes and dreams for our children and our families.
