

Sample E-Letter to Send to Family, Friends, Neighbors, and Others

Hi! Sorry to bother you but with Georgia's U.S. Senate Run-off elections right around the corner, I wanted to touch base with you.

The way I see these runoffs is that they are simply too important to ignore.

I believe America is facing a crossroads. In one direction lies the traditional America you and I grew up in. In the other direction lies a rapid decline in the American way of life as we travel down the road toward socialism, and maybe something worse.

That's why I think the upcoming runoff elections in the Peach State could decide not just who controls the U.S. Senate but could decide the very fate of our great nation.

As Democrat Senate Majority leader Chuck Schumer (D-NY) said; We take Georgia we change America!"

You and I cannot sit back and let that happen!

Here are just a few key issues that could be decided by the January 5th runoff elections:

JOBS AND THE ECONOMY

Before the Coronavirus struck, we had a record high stock market and record low unemployment. The economy was firing on all cylinders.

Incredibly, under Trump's leadership, the economy came back rapidly despite the Covid-19 economic disruption. But Biden's policies might shut down our economy again the moment some so-called "expert" tells him he should lockdown everything.

If Joe Biden takes the oath of office in January AND has both a House and Senate run by the New Democrats our economy will suffer badly if he raises taxes and institutes more burdensome regulations. And if both Houses of Congress go along with Biden's proposed policies, Americans will lose jobs, and our retirement savings could be wiped out. It's not too much of a stretch to say we may be headed for another recession, or even depression.

CRIME AND PUBLIC SAFETY

This is an easy one. The Democrats did nothing and said nothing as violent, Marxist, anti-American groups like Antifa and BLM burned our cities (enabled by Democrats) to the ground, looted stores, and assassinated police officers.

Then they launched a radical movement to defund the police. As you can guess, crime in those areas that did that has skyrocketed, Minneapolis has seen a shocking 530% increase in violent car jackings!

If the Democrats win Georgia, expect calls to defund the police to start coming from Washington, D.C. leaving Americans around the country vulnerable to increased attacks, maybe even your neighborhood!

HEALTH CARE

Biden and the Democrats support Obamacare. As you know that program is a disaster. Nearly everyone's health insurance costs skyrocketed, and suddenly doctors became harder to find. Despite promises made by Obama and Biden, millions of Americans lost their doctor and/or their health care plan completely.

Trump tried to get Congress to repeal the entire thing. When that failed, Trump issued an executive order to repeal the worst part, the individual mandate. Then Trump issued an executive order that no health insurance company can deny coverage because of a pre-existing condition. And he issued a third executive order that U.S. drug companies can't charge Americans more for imported drugs than people in those countries are paying.

Joe Biden has stated he plans to reverse many of President Trump's health care executive orders and expand on ObamaCare. And if Chuck Schumer becomes the Senate Majority Leader, you can be sure a system even worse than Obamacare is coming in 2021.

BORDER SECURITY

Democrats like Jon Ossoff and Raphael Warnock oppose a temporary ban on immigration despite a spike in Covid-19 cases, they oppose detaining Muslims from entering America until a background check is completed, and they are both against building wall on our Southern border with Mexico.

I still remember the sight of millions of illegals streaming across our Southern border when Obama and Biden were in charge. Democrats say they want border security, yet they oppose all reasonable measures to prevent terrorists or other violent criminals from entering the U.S.

The Democrats' open borders policy could bankrupt our county with the costs of "free" health care, "free" education, "free" housing and more. Then there's the crime, which poses a more immediate threat to you and your family.

But if the Democrats win Georgia, they will have the political power to go forward with tearing down the wall, defunding or dismantling the ICE and Border Petrol agencies, and expanding the number of sanctuary cities across America. That could very well bring about a flood of illegal aliens (about one million a year) pouring across our Southern border unchecked.

ABORTION

I'm pro-life, and I do know most Americans agree on these two things: They are against late-term abortion (meaning after the baby is viable) and against taxpayer-funded abortion.

Joe Biden, like almost all Democrats, thinks abortion should be legal until (and even after) birth, and supports taxpayer funding for ALL abortions.

Both Warnock and Ossoff have been endorsed by the ultra-liberal pro-abortion groups Planned Parenthood and NARAL.

If they win the runoff elections in Georgia, and the New Democrats take control of the Senate, Biden and the Democrats will also try to legalize barbaric late-term abortion in all 50 states, as they have already done in New York, Rhode Island, and several other states. They will also force you and I to pay for abortions with our tax dollars and try to stack the U.S. Supreme Court with pro-abortion Justices.

Do you want late-term abortion legalized nationwide? And do you want your hard-earned money spent to subsidize other people's abortions? Or even infanticide (killing babies after they are born).

I don't.

I really believe this U.S. Senate runoff races in Georgia could very well be the most important election of our lifetime.

Whoever wins Georgia will indeed decide the future of America!

Thank you again for considering my ideas and thoughts.
