FedUp PAC Launches Fire Fauci Petition Campaign

Thanks to the support and help of FedUp PAC's dedicated, tireless, and growing group of Conservative Paul Revere Riders, the "Fire Fauci" petition is gaining momentum. What is this all about?

FedUp PAC is urging Congress to immediately call for Dr. Anthony Fauci's removal from public service as the White House chief medical advisor.

Dr. Fauci, one of the nation's highest paid public servants, must be held accountable for his actions that contributed to both the loss of American lives and the upheaval of the successful Trump economy. His "recommendations" resulted in inflated illness and death counts, massive jobs loss, countless closed and ruined businesses, and more families behind on their rent than ever before.

Dr. Fauci Lied, and Americans Died — We need to hold him accountable

FedUp PAC is mobilizing grassroots conservatives and urging them to sign the online Fire Fauci petition. Additionally, our impact has a greater reach as we urge conservatives around the country to share it with family, friends, neighbors, former school mates, and LinkedIn and other social network groups for their signatures.

Please also post the petition on Twitter, Facebook, and other social networks to help create a groundswell of support for Dr. Fauci's dismissal.

When we unite behind this demand, it will also send a message to other government servants that if their actions cause Americans harm and suffering, they, too, will be held accountable.

Thanks to Senator Rand Paul's questioning of Dr. Fauci, it was revealed that the top scientist at the Chinese Wuhan Institute of Virology conducted "gain of function" experiments with American tax dollars on bats to "juice up" coronaviruses in order to make them very potent and infectious to humans.

"This deadly virus may or may not have leaked from the Wuhan lab, but one thing is sure—Dr. Fauci has not been honest with the American people."

It has now been reported that the funding for this research came from none other than The National Institutes of Health (NIH). The American taxpayer-funded NIH awarded a \$3.4 million grant to the non-profit EcoHealth Alliance from 2014 to 2019, a group that was run by Fauci.

The Wuhan Institute of Virology was awarded a \$600,000 sub-grant under that same contract for the purpose of researching bat coronaviruses over five years.

confirmed these reports in a paper she wrote acknowledging her funding came from Dr. Fauci's group, the NIAID, which is part of NIH.

This deadly virus may or may not have leaked from the Wuhan lab, but one thing is for sure—Dr. Fauci has not been honest with the American people. Precious lives have been lost, and our economy is in utter shambles due to his actions.

The biased mainstream media and its Big Tech allies have failed to properly investigate Dr. Fauci's poor judgement on COVID-19 responses that contributed

to loss of life and major economic hardships. It's well past time to fire Dr. Fauci.

Big Tech and Big Media will not tell the truth or do the right thing. It's up to you, me, and every other patriotic American to call for Dr. Fauci to be immediately removed as the White House chief medical advisor.

Together, we must urge Congress to immediately remove Dr. Fauci from public service. Visit www.FedUpPAC.org now for more details and for the Fire Fauci petition.

AOC, Schumer And Pelosi = “ASAP”: FedUp’s New and Original Socialist/Marxist Rating Guide Launches

FedUp PAC has begun publishing a quarterly voter guide that reveals how each Democrat Member of Congress aligns with Nancy Pelosi, Alexandria Ocasio-Cortez, and Chuck Schumer based on their votes on key issues.

FedUp PAC’s **ASAP Democrat SWAMP INDEX™** rating guide (**A**OC, **S**chumer, **A**nd **P**elosi = **ASAP**) will, for the first time in politics, rate how each Democrat member of Congress’s voting record compares to the radical and socialist ideology of Democrat party leadership.

Results on how Democrat Members of Congress align themselves with AOC, Schumer, and Pelosi will be posted on FedUp PAC’s website on a quarterly basis (<https://www.feduppac.org/asap>).

For the first time ever, a new voting guide shows how House Democrats align with House Speaker Nancy Pelosi (D-California) and Representative Alexandria Ocasio-Cortez (D-New York) on votes in Congress that will fundamentally change America, and, . . . in the Senate, how Democrats vote with Majority Leader Charles Schumer (D-New York) on these critical votes.

This guide will be sent to all Republican congressional candidates, as well as major conservative donors, political action committees, and millions of conservative grassroots activists.

The first of these guides will rate Democrat

Members of Congress on key votes cast in the 116th Congress (2019 – 2020). Also available this month will be ratings for the first quarter of the 117th Congress (2021).

Why is FedUp PAC Doing All of This?

Many Congressional Democrats are vulnerable because they won their last election by a slim margin.

Democrat House members like Cindy Axne (IA-3) won with only 48.9% of the vote. Abigail Spanberger (VA-7) barely won with 50.3%. Tom O’Halloran (AZ-1) squeaked out 51.6% to win. These are just a few of the 50 or so vulnerable Democrat House members FedUp PAC will target.

“Many Congressional Democrats are vulnerable because they won their last election by a slim margin.”

They probably won’t appreciate regular updates to their constituents and local media pointing out their support for a radical socialist agenda.

How Does the ASAP Guide Work?

Emphasis is placed on votes that will fundamentally change traditional values, attacks on our religious liberties, pro-abortion bills, and gutting our national security.

The upcoming 2021 First Quarter SWAMP INDEX will place significant emphasis on H.R. 1 and S. 1, perhaps one of the most consequential votes in American history. Since that bill is about election theft, expanding voter fraud, and creating permanent Democrat power in Washington, it will be counted as three votes.

In the U.S. Senate, Democrat senators’ votes will be compared to Senator Schumer’s record.

FedUp PAC’s ASAP Democrat SWAMP INDEX™ rating system shines a national spotlight on congressional Democrats’ close political connection to New York’s AOC and Chuck Schumer, and to San Francisco’s Nancy Pelosi. Depending on their congressional votes, they are setting themselves up to be **BRANDED** by their Republican opponents as radical, anti-God, open borders, anti-safety, elitist AOC/Schumer/Pelosi Democrats. 

FedUp PAC Highlights Albuquerque's Crime Spike that Parallels Democrat Stansbury's "Defund the Police" Campaign in New Mexico's 1st District Special Election

Since the Democrat supported Defund the Police Movement started, Albuquerque has seen violent crime spike by 15.5%, property damages rise 13.3%, and 35 residents have been murdered in the city thus far in 2021—nearly double what it was at this time in 2020.

Melanie Stansbury, an Obama Administration alumna, focused her campaign on support for the BREATHE ACT, a Black Lives Matter-crafted “defund the police” proposal.

“With crime exploding rapidly around the country, including Albuquerque, the Democrats’ Defund the Police movement puts every New Mexico citizen’s life at risk,” said Richard A. Viguerie, Chairman of FedUp PAC.

“Democrats’ Defund the Police movement puts every New Mexican’s life at risk.”

FedUp PAC launched an extensive digital campaign in the Albuquerque area that urged conservatives to contact everyone they know in New Mexico’s First Congressional District (which includes almost three-fourths of Albuquerque) to vote for the pro-safety, pro-police candidate, Mark Moores.

Since the Democrats’ Defund the Police Movement Began

- Murders are up 48%
- Robberies are up 50%
- Car Jackings are up 124%
- Riots caused \$2 billion in property damage -- 2020

“This special election should have been a referendum on President Biden and the Democrats’ radical Defund the Police policies,” said Viguerie. “It was up to conservatives to keep Stansbury from getting elected to Congress and becoming another vote for Pelosi, AOC, and the anti-safety Defund the Police movement.”

Unfortunately, Stansbury was elected by 60.36% of the popular vote, compared to just 35.62% garnered by the Moores campaign. This shows how much work we have to do to save our nation—one state at a time—from destructive, anti-American forces that are attacking our foundational principles from all sides.

FedUp PAC has its eye on several other Special Elections for 2021, including TX 6th, Ohio 11th and 15th. Readers of *My FedUp Voice* will be alerted to strategy updates on these and other elections in 2021 when “details develop”. 

How FedUp PAC is Bypassing Censored Social Media Platforms to Get Out Strong Conservative Messages to the Voters

The November 2020 Presidential election season saw an unprecedented amount of censorship of individuals and organizations by a rapidly centralizing digital media conglomerate. Students of history know the dangers inherent in censorship of free speech, especially at the national level. President Trump was censored and banned by at least 17 top companies while he was still the President of the United States!

FedUp PAC's powerful video ads and other important election-specific digital content were similarly blocked, paused, rejected, and otherwise delayed in the name of controlling the narrative the public receives.

With this shifting communication landscape, we had to make a plan. While FedUp's Facebook privileges were restored, and the Twitter punishments were arbitrary but temporary, the PAC chose to expand its presence online to the newer social media platforms that sprang up in answer to the wholesale silencing of conservative voices. 

Some 153 conservative groups/individuals (like President Trump) were cancelled or censored by Big Tech in 2020. By contrast, only a small handful of liberal/progressives have been censored. FedUp PAC uses new and alternative marketing to bypass the biased Big Tech companies to get its message to voters.

FedUp PAC Chairman Richard A. Viguerie found a way to bypass the biased mainstream media in the 1960s, 70s, and 80s by sending information to Americans directly to their homes via postal mail.

Here we are at the same crossroads with the same problem, but the technology has changed. Together, we can beat the biased algorithms, too. We must unite! Join us online. There is tremendous power in knowledge and in unity of purpose.

FedUp PAC's CPR Riders – Essential to the Battle to Win Back Congress in 2022

FedUp PAC is so grateful for the growing army of Conservative Paul Revere Riders (CPR Riders) that are answering the call and are willing to share essential voter educational materials within their circles of influence in an effort to save our nation from the socialist/Marxist scourge it faces.

The PAC has been sounding the alarm for years. It seems that it took the Democrats tipping their hands and launching a full-court press against our freedom and our way of life to really shake conservative patriots into action.

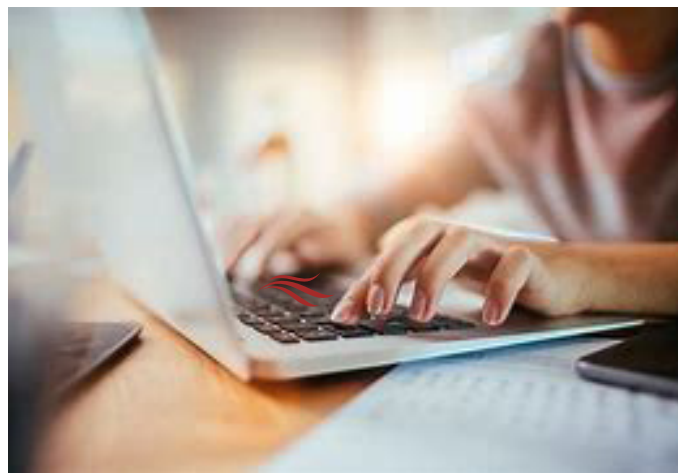

FedUp PAC produces powerful, informative content but relies on its growing army of volunteers to disseminate it around the country—just like modern-day Paul Revere's riding through the darkness, holding the light of truth, and sounding the alarm that we are a vulnerable nation under attack.

Together, we **BRAND** the Democrats as the radical, anti-family, anti-God, open borders, anti-police, anti-safety, elitist, anti-American socialists/Marxists that they are proving themselves to be on a daily basis!

In fact, the antics of this anti-American party are making our jobs that much easier, but we need to reach the folks in the middle who may not be putting the pieces together for themselves. Perhaps their family tradition has been to always vote for Democrats, and they do not realize that these New

Democrats are actively shredding their family's way of life!

We are sure most hardworking Americans are busy trying to pay their bills and put food on the table, and they may not see clearly what is happening all around them. Those Americans are the very people we are trying to reach through the CPR Riders.

Thanks in large part to FedUp PAC's digital outreach, the number of patriots signing up to be CPR Riders is growing rapidly.

Thanks in large part to FedUp's digital outreach, the number of patriots signing up to be CPR Riders is growing rapidly. Nearly 7,000 CPR Riders have signed up since the PAC launched its recent campaign. Please share the sign-up information with your friends and family. We need your help! 

Volunteers Needed!

FedUp PAC is also asking for volunteers to be promoted in rank in the CPR Riders. We need regional captains that can help us deploy messages strategically to the parts of the country in which they reside. Email us at info@feduppac.org or reply to this newsletter in writing if you would like to volunteer. Thank you for your diligence and for caring for this great nation of ours, and in ensuring a bright future for our children.

FedUp PAC Attends Freedom Fest 2021, Gains valued Grassroots Insight for 2022

With just over five hundred attendees, Freedom Fest 2021 was a first-class celebration of traditional values and pro-American spirit.

Over 150 people stopped by the FedUp PAC booth with just under 100 folks signing up to receive future FedUp PAC produced voter education material to help **BRAND** the Democrats as anti-God, anti-police, open borders, anti-American, violent, power-hungry, elitist socialists/Marxists.

Having the opportunity for FedUp PAC staff to spend time with grassroots conservatives, most of which identified themselves as activists, provided and opportunity for FedUp PAC to conduct some impromptu 2022 and 2024 polling.

Our first test was the display of a **TRUMP 2024** flag on the front of our booth table. Throughout the entire 3-hour event we did not receive any negative comments or signs of disapproval.

In fact, scores of folks came by and posed in front of the **TRUMP 2024** flag for pictures, many had their children sit in front of the Trump flag while waving the stars and stripes for a photo.

Next, we focused on issues facing most

Americans and asked visitors to tell us what some of their concerns were going into 2022.

At the top of the list was how the Democrat's Defund the Police movement was destroying so many American towns and cities. These great Americans urged FedUp PAC to do all it could between now and November 2022 to educate voters that the Democrats, even the so-called mainstream ones, are pushing and adopting socialist/Marxists policies that will soon strip away our freedoms and liberties.

Other issues of deep concern were the growing threat of China, attacks on religious liberty, massive government spending, the Democrats goal to change election laws to stay in power forever, and efforts by the Left to abolish our 2nd Amendment rights.

And yes, the arrogant dictatorial proclamations by Dr. Fauci to create a climate for ongoing lockdown measures caused a few peoples blood to boil.

The event, presented by Stand Up Virginia, provided several good speaker throughout the day, including Sheriff David Clark from Wisconsin and conservative radio talk show host Chris Plante. 

Trump for 2024 flag received high marks as Freedom Fest attendees flocked to the FedUp PAC booth.

It was non-stop action as FedUp PAC staff meet many soon-to-be supporters during the full 3 hour event.

Give Strategically!

For every 3¢ you donate, we can reach a voter. That means a gift of \$25 will allow FedUp PAC to reach about 750 households who, in turn, can multiply our efforts to reach thousands of others by forwarding the email they receive from us. Likewise, a gift of \$100 allows us to reach out to about 3,000 households to sign and forward the Fire Fauci Petition.

If America becoming a socialist country frightens you, and you fear for America if the radical, violent, socialist/Marxist Democrats continue to abuse power, then please do all you can to urge family, friends, business contacts, even former school mates to sign the petition to help remove Dr. Fauci from government service.
