

## **Sample e-Letter for Conservatives to send to Evangelical friends and family for Georgia Senate runoff**

Dear XXXXXX,

I just wanted to drop you this quick email because I'm really worried about the future of our country right now. Actually, I'm pretty scared.

It looks like Joe Biden will be inaugurated in January and of course Nancy Pelosi still runs the house with her iron grip.

And with the control of the U.S. Senate dependent on the upcoming runoffs in Georgia, the stakes are higher than ever. In fact, I believe America's very freedom is at risk, as is our religious liberty, and the lives of millions of America's unborn!

Earlier this week I saw that there is a segment of the traditional Republican Christian base that may stay home, or worse, vote Democrat on January 5th.

Now, I don't always agree that GOP control is a "be all end all," but I do know one thing: our very liberty is at stake in these January 5th Georgia runoff elections and it's too important to be decided by big labor, the national media, Antifa, BLM and the radical socialist Billionaire Boys Club led by the likes of George Soros and Big Tech titans of Facebook, Google, Amazon and Twitter.

Joe Biden and Kamala Harris make up the most radical ticket the Democrats have ever put up for the White House, and if they get control of the Senate too, I am scared to death of what might happen to our religious liberties.

As Democrat Senator Chuck Schumer has said, "*We take Georgia, then we change America!*"

And with things in this country already at a boiling point, I don't think it's a good idea to have the White House and both chambers of Congress in Democrat control.

Especially with power-hunger Democrat Governors and local officials who have been using the Coronavirus scare to restrict church attendance, or even shut

down churches completely, ban funerals, cancel weddings, and even shut down small family get togethers.

Meanwhile abortion clinics, liquor stores, casinos, lottery ticket sales and even massage parlors are considered “essential” and allowed to stay open.

Pastors are being arrested for holding outdoor church services, but thousands of Antifa thugs can gather in our streets to riot, loot, burn and destroy, without any fear of arrest or retribution.

All of this is happening while mom and pop grocery stores, restaurants and local small businesses are closing up shop at an alarming rate due to strict government mandates that favor the large box retailers.

As bad as it is now, a Joe Biden Presidency, along with Democrat control of both the U.S. House and Senate I believe will make it worse. Biden has even said as much. His plans for national mask mandates, continued and even stricter lockdowns may soon come. Open for discussion has been harsher rules covering churches, religious organizations, and businesses. All of this may send our religious freedoms into the trash bin of history.

With control of the Senate, Biden will be able to ram legislation through Congress that could literally shut down our first amendment rights and freedom of religion for all of us.

Biden, Harris, Pelosi, and Chuck Schumer at the helm in the U.S. Senate would waste little time in repealing the Hyde Amendment. The Hyde Amendment, passed in 1977 and passed yearly ever since, prohibits the use of your tax dollars for abortions except in the most extreme cases.

If Hyde is repealed, that means you, me and every other Christian American taxpayer, regardless of our disapproval of abortion, will now be unwilling partners in the murder of the unborn as our tax dollars would be used to fund abortion on a massive scale.

That’s why I’ve decided to work to help elect Republican Senators Kelly Loeffler and David Perdue in the January 5 Georgia Senate runoffs and hope you will too.

And I hope you will join me, and if you agree with my concerns please forward or print this letter out and give to your family members, friends, and neighbors to help elect Loeffler and Perdue.

See you soon,
