

Riots, Arson, Assault Now Favored Tools of the New Democrats

Through the use of threat, intimidation, and violence, they are shutting down those who support conservative and Republican beliefs, and stepping up their vicious attacks on President Trump at every turn.

We are seeing this in campus witch-hunts depriving young conservatives due process and free expression. In professional witch-hunts to get co-workers fired. In political assaults and attacks resulting in political allies stepping down from elected office. In beating neighbors, like what happened to Senator Ron Paul. In attacking conservative professors. And tragically, in shooting politicians like what happened to Rep. Steve Scalise.

Here are just a few examples of the new Democrat socialists' violent and dangerous behavior:

The New Democrats are Violent Militant Radical Socialists

THE NEW DEMOCRATS TACTICS OF CHOICE . . .

They bring a knife, we bring a gun

Calls for Murder

Spitting on Conservatives

physical attacks at restaurants

Death threats and harassing phone calls

Shooting Members of Congress

Assaulting police officers

Beating seniors who wear MAGA hats

Terrorizing Trump Supporters

Many of the new Democrat socialists now believe that their **violent impulses are justified** because they didn't get what they wanted in 2016. Not only are they mad that they lost, they believe **Trump and his supporters are evil**.

These new Democrat socialists have, in effect, **normalized violent, abusive, and intolerant behavior** to oppress and persecute anyone who disagrees with them, often **resulting in physical injury and harm**.
